

~~SECRET~~Status of Review of Office of Communications Positions

1. Subsequent to the recommendation made by the I.G., the Office of Communications examined all of its positions and submitted to the Office of Personnel a list of those positions which it considered warranted upgrading. Several informal meetings were held with the Personnel Evaluation Division to discuss this submission and to determine the procedures which would be followed in making the review of the Office.

2. The status of this review as of 17 August 1956 is as follows:

a. The Supplemental Programs Division's Foreign Field T/O has been established and the Headquarters [REDACTED] T/O are expected to be established by 24 August 1956. This review included a reorganization of this Division and the cancellation and reallocation of the [REDACTED] position. While the action here was not specifically directed towards a review of the positions, some work was accomplished in this field. It is expected that a further review will have to be made at a later date.

Status of Position in Signal Center to Perform Cleaning Functions

A study was made in the S/C to determine the justification for a position of this type. It was found that approximately 150-200 hours were lost each month while the Signal Center was being cleaned by char force personnel since all activity had to cease while they were in the area. This, plus the advantages which would be obvious with a full time maintenance man on duty, resulted in an approval by the OC Ceiling Board to establish such a position in the Signal Center and a request has been forwarded to the Management Staff to this effect. Discussions were held with the Management Staff and the Personnel Evaluation Division who have agreed to assist us in setting up the position.
